

# 'In the Rings with Ali'

A retrospective Exhibition celebrating the 70th birthday of

# Muhammad Ali

July-August 2012

I am pleased to act as the Curator of 'In the Rings with Ali', in collaboration with the photographer and Creative Director, Christina Jansen, on a major exhibition of photographs, art works, memorabilia, audio and video installations, text and poetry to mark Muhammad Ali's 70th birthday. The exhibition will be shown at Forman's Smokehouse Gallery which is adjacent to the Olympic site. Christina and I will organise the installation and liaise with the artists who will exhibit at the show.

Along with the show, we have teamed up with ex-professional boxer, Oliver Wilson on an exciting outreach program he has created himself called 'The Ultimate School School Contender'. The Ultimate School Contender aims to 'Promote and Improve - Positive Attitudes, Behaviour, Attendance, Tolerance of others and a Healthy Life style of Young People in School.' Oliver's program shares the same positive ethos in developing our future generations that Christina and I believe compliments Muhammad Ali's positive drive and outlook. This will become a lasting legacy in his memory.

This is a wonderful opportunity during the Olympics and we are excited to keep moving forward! Details of the exhibition and the outreach program will be updated regularly on:
